

Dear Parents,

Your Child's education begins even before they realize that a lesson is. Lessons in acceptance, diversity, love, friendship and kindness. These lessons build inclusive communities. You as parents do this every day at home and we support this learning at school with them. One of the best ways to build a community of inclusive learners is to get to know one another.

We ask for your participation to help us build a booklet that your child will take home with them. This booklet is all about who is inside our learning community. Kind of like a yearbook, only a bit more personal.

Please write a brief description about your child. We are looking for you to share what makes them... them. Their likes, dislikes, challenges, cultural traditions, favourite snuggle toy/blanket. Something that is unique to them. Perhaps by learning what makes each of us different we will also see how much we have in common. Big, small, talkative or quiet we each have something to contribute!

Thank you for your cooperation. We look forward to getting to know your child.

Your teachers,
Stephanie, Danielle and Diane
